**Concentrate**

200ml

**KILLS**  
BROADLEAF

**CLOVER**

See reverse for full list

**READ THE LABEL BEFORE USE. WARNING:** May be harmful if swallowed. May cause eye and mild skin irritation. May cause an allergic skin reaction. May cause organ damage from repeated ingestion at high doses. Very toxic to aquatic organisms with long lasting effects. In the event of spillage, prevent from entering waterways. Absorb the spill with an inert material such as soil, sand, etc. Very toxic to many plant species.

**HAZARD CLASSIFICATIONS:** 6.1E, 6.3B, 6.4A, 6.5B, 6.9B, 9.1A, 9.2A  
**ACTIVE INGREDIENTS:** 120 g/L of triclopyr butoxyethyl ester in the form of an emulsifiable concentrate.

**PRECAUTIONS:** Keep out of reach of children. Store in the original, tightly closed container. Avoid contact with eyes and skin. Do not breathe in the vapour or spray mist. Do not allow spray drift outside the target area. Avoid contamination of aquatic environments. Exclude people and pets from the application area whilst spraying, and until the spray has dried. Do not eat, drink or smoke while using. Wash hands after use.

**PROTECTIVE EQUIPMENT:** When mixing and applying, wear covered footwear, overalls, gloves, and eye protection. Wash items after use. Where inhalation of spray mist could occur, wear a respirator.

**FIRST AID:** If medical advice is needed, have product container or label at hand. **IF SWALLOWED:** Do not induce vomiting. For advice, call the Poisons Centre on 0800 POISON (0800 764 766), or a Doctor immediately.

**IF ON SKIN:** Wash with plenty of soap and water. Seek medical advice if skin irritation or rash occurs. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if easy to do so. Continue rinsing. Seek medical advice if irritation persists.

**DISPOSAL:** Dispose of this product by using it in accordance with this label. Dispose of the container with domestic rubbish after triple rinsing (use the rinsate for spraying).

**GENERAL INFORMATION:** McGregor's Hydrocotyle Lawn Weed Control is a selective weed killer used for controlling Hydrocotyle and other Broadleaf weeds in lawns including Daises & Clover.

**DIRECTIONS:** Measure the size of lawn before spraying for correct application rate. Shake well before use. Mix 10ml per litre of water to treat 10m<sup>2</sup> of lawn. Apply evenly over the measured area. Apply in spring and autumn when weeds and lawn are growing actively. Do not apply if rain is likely within 24 hours. Keep children and pets off treated areas until spray is dry. Some burning may occur to fine turf grasses. Do not use on cotula or dichondra lawns. Do not use on lawns less than 3 months old. Do not use clippings from treated areas for compost or mulch for 6 months after application. This product is very damaging to many plants including vegetables, fruit and ornamentals. Apply carefully. Use a separate sprayer to spray susceptible plants.

Not for use on food or animal feed crops.

HSNO APPROVAL CODE: HSR100499
